Spa Series

For those needing an upgrade from the run-of-the-mill restroom, consider the elegance and luxury of National's 8-Station Restroom Trailer.

Spacious and inviting, the women's side features four stalls, floor-to-ceiling doors, **climate control**, overhead music, frosted glass accent lighting, twin **stainless-steel basins** and vanity mirrors.

For the men, there are two standing urinals, two private stalls, a twin-basin vanity, accent lighting, air conditioning, heating and more. It is truly a "spa" experience away from the noise and crowds on the other side of its walls.
