

10' Mobile Storage Container

Got Stuff? Get Storage.

Mobile Storage Containers are a great solution for protecting expensive construction equipment and materials. Each 10-foot Storage Container from National Construction Rentals features **weather-resistant, 14-gauge, heavy-duty steel** construction and the convenience of durable, non-slip wood flooring.

With its small footprint, this storage container fits easily next to a job site trailer, in a parking lot, or on virtually any small space you have for **quick access** to tools, equipment and supplies. When time, convenience and budget are a top priority, this compact mobile storage unit is a great solution for new construction, remodels and renovations, government projects and post-disaster reconstruction.
