

40' Mobile Storage Container

Big Project? Big Storage.

When a large or extended construction project demands maximum storage, a 40-foot on-site Mobile Storage Container from National Construction Rentals will exceed your expectations.

Constructed of 14-gauge, heavy-duty steel, this massive 40-foot monster has over **2,300 cubic feet of storage space**, enough to safely place tools, materials and expensive equipment under lock and key. Furthermore, the value of having **access on both sides** of the container enables faster access to materials and increased job site efficiency.

This storage container can easily fit next to a job site trailer, on a parking lot, behind a retail establishment, near an office complex, or on any solid level surfaces where you need it the most.
