

Windscreen

Slide Gate with Vented Windscreen

Privacy & Protection

Windscreen, also known as *privacy screen or scrim*, not only helps reduce blowing dirt and debris from disrupting your big event, but it is excellent at providing a subtle and streamlined look many planners desire. Made of coarsely woven high-quality polyethylene fabric, each windscreen is securely fastened to the exterior of any chain link configuration for **durable, long-lasting results**. Windscreen also dissuades unwanted fence jumpers and provides a secure, yet inexpensive, cover for valuable equipment and supplies from would-be thieves.

Contact one of our experienced Customer Service Representatives to help you with the proper layout and design of your next windscreen order.
