

Hand Sanitizer

Handy Helper

National Event Services' hand sanitizer dispensers are a great solution when water is not desired or readily available. Hand sanitizer dispensers can be installed in any one of National's full line of portable toilets, and they're a great replacement for hand wash stations with soap and water.

Constructed of high-quality materials, National's hand sanitizers provide a **germ-free and trouble-free solution** for your events and are reliable for hundreds of uses between refills. Killing up to 99.9% of germs for hand hygiene, National's hand sanitizers are conveniently self-contained, refillable and reusable, and a safe alternative to soap. Each dispenser is also designed to do its job with as little oversight as possible so you can focus on more important tasks ... like organizing your special event. Happy hygiene!
